

Men's Premium 100% Cotton Dress Shirts

You'll Appreciate Our Unique Features

- ◆ **Non-Iron** –
This revolutionary new fabric lets you go from dryer to you without worry – or ironing!
- ◆ **Wrinkle Free** –
The post-cured process bakes a resin into the material allowing the shirt to remain wrinkle free even after a full day of wear. Work all day, and relax all evening, confident that you still look as crisp as you did at breakfast.
- ◆ **Unbreakable Buttons** –
No more brittle, half-broken buttons!
- ◆ **Removeable Collar Stays** –
Maintain that finished look.
- ◆ **Unique Label Location** –
Do you notice something missing from the shirt on the cover of this brochure? Yes, our label! To eliminate neck irritation, the label is in the shirt tail. We care more about your comfort in wearing our shirts, than in displaying our name.
- ◆ **Convertible Cuffs** –
Each and every one of our shirts can be worn with a regular, button-down cuff; or converted into a french-cuff for a more formal look, simply by adding cuff links!
- ◆ **Satisfaction Guaranteed**
